## HOUSE-REBEKAHS IN SESSION

### REGULAR BUSINESS OCCUPIES MEETING GRAND LODGE TODAY

#### NEW MEMBERS BE INITIATED AND COMMITTEES APPOINTED

Initiation of new members, appointment of various committees and the official starting of the business sessions of the Grand Lodge and Rebekah Assembly of Texas, I. O. O. F. began at 11 o'clock Monday morning. Numerous announcements were made by Grand Master H. L. Carpenter of Greenville at the Grand Lodge meeting in the First Methodist church auditorium while similar procedure was carried out by President Frances Thomson of the Rebekah Assembly at the First Baptist church auditorium.

Grand Master Elect John F. Ross of Amarillo was escorted from the Navarro Hotel Monday afternoon to the First Methodist church to the Grand Lodge meeting by Patriarchs Militant in full uniform with I. O. O. F. Home band and Greenville I. O. O. F. drum and bugle corps.

The Grand Lodge, open in the third degree in order that all Odd Fellows could be on hand, installed new officers at 2 o'clock Monday afternoon.

Committees, appointment of committees, introduction of resolutions and amendments and general business is slated during the afternoon.

A colorful parade, under the direction of John C. Hughes, is scheduled to be staged Monday afternoon at 4:15 o'clock. The line of march will begin near the I. O. O. F. Hall, North Beaton and West Third avenue, proceed down Beaton street and back to the Navarro Hotel via Main street.

The degree of chivalry, one of the most colorful features of the convention, will be staged at the senior high school auditorium, which was changed from the I. O. O. F. Home by Departmental Command.

### Three Dallasites Killed In Crash Automobile-Bus

RHODE, March 15.—(P)—Funeral services were arranged today for three victims of an auto-bus accident near here yesterday.

The accident occurred as the Dallas-bound bus (Bowen) from Amarillo and the automobile met on a sharp turn.

The dead: Steve L. Russell, 25-year-old druggist; Miss Christina Hooser, 25-year-old nurse, and Paul Lougley, 18-year-old high school student, all of Dallas.

Russell was to be buried at Corsicana where his wife was buried six weeks ago. Burial for Miss Hooser was planned at Frost, Riles were planned at Dallas for Lougley.

Miss Inez Tyler, 27-year-old nurse, was sent to a Dallas hospital. Her condition was described as not serious.

#### QUEEN DOWAGER OF RUMANIA SERIOUSLY ILL IN BUCHAREST

##### BELOVED MARIE REPORTED TO HAVE BEEN STRICKEN WITH PARALYSIS

BUCHAREST, Rumania, March 15.—(P)—Dowager Queen Marie of Rumania was reported "seriously but not dangerously ill" today as physicians sought to diagnose the malady which sent her suddenly to bed Thursday.

Foreign reports that poison was suspected could not be confirmed officially.

Royal sources at the palace of the 61-year-old "Mother of the Balkans," predicted a medical bulletin on the nature of her illness might be issued within the next 48 hours. One informant described the attack as influenza complicated by an intestinal inflammation.

BUCHAREST, Rumania, March 15.—(P)—Dowager Queen Marie is ill of influenza, her physicians announced after consultation today while officials denied emphatically foreign reports that she had been poisoned.

The queen's temperature was about normal and her heart action was normal.

### Flood of Income Tax Cash Rolling Into Treasury

#### WASHINGTON, March 15.—(P)—Treasury officials checked closely a last-minute flood of income tax returns today in the hope March receipts would help put the government on a balanced budget basis for the remainder of this fiscal year.

Revenue authorities estimated more than \$3,000,000 returns—half the total expected—would be filed during the day. All officers will remain open until the midnight deadline.

March receipts are expected to aggregate \$340,000,000, the largest total since world war days. If this estimate is borne out, officials said the treasury may not have to borrow any additional funds this fiscal year.

From the March collections, Secretary Morgenthau intends to retire \$300,000,000 of maturing discount bills and pay about \$160,000,000 interest on the public debt. New bills are being issued to replace those to be retired, however, and the treasury thus will have about \$680,000,000 of additional money in March for general spending purposes.

Officials said taxpayers filing returns today would include most of the corporation and upper bracket personal incomes. The group usually delays payments until the last day to save interest. Many smaller taxpayers also wait until the last minute.

### LABOR PROBLEMS IN MANY STATES HOLD OFFICIAL INTEREST

#### CHRYSLER CORPORATION IS GRANTED PETITION FOR OUSTER SITDOWNERS

By The Associated Press.  
Official state strike-blast states grappled with complex labor problems today in renewed efforts to bring thousands of workers back to jobs.

In scattered centers of industrial turmoil, more than 130,000 wage earners were idle as peace-makers sought to reconcile the differences of opposing factions.

Gov. Frank Murphy of Michigan, where disputes chiefly in the motor industry kept 90,000 idle, summoned prosecutors of four industrial counties to meet with him at Lansing to discuss labor difficulties.

Detroit held the center of the stage, with a climax near in the Chrysler strike. Circuit Judge Allan Campbell granted the corporation's petition for an injunction against sit-down strikers from eight plants in the city.

Remington Rand, Inc., ordered by the labor relations board to restore 4,000 former workers to jobs in six plants faced possible loss of a \$57,000 government contract.

Social Security Contract.  
Arthur Timmer, chairman of the social security board, said he instructed that the question of a contract for photographing social security forms be reconsidered for purposes of determining whether any other course is now open to the board.

Representatives of the United States and Chrysler met today to discuss the situation.

### CONTINUED COLD IN PROSPECT FOR NORTHERN TEXAS

#### CORN AND OATS DAMAGED; TOO EARLY ESTIMATE FRUIT DAMAGE

(By The Associated Press.)  
Continued cold was in prospect for most of Texas tonight with below-freezing temperatures forecast for the northern portion of the state.

For the south portion 30 to 32 degree readings were forecast, with the exception of the west coast and the Rio Grande Valley where the mercury was expected to range from 34 to 38. Somewhat warmer weather was promised the extreme northwest section of the state, which bore the brunt of last night's cold wave.

Some fruit growers in the north portion planned to use smudges again tonight. It was too early to estimate the damage to the fruit crop. Young oats and corn were damaged in many sections. The sudden cold wave was hard on lambs but no losses had been reported.

A cloud blanket over most of the state sheltered blossoming fruit trees somewhat.

Amarillo reported 18 degrees this morning, the coldest in the state, with Brownsville, the warmest spot, reporting 42. The mercury dropped to 32 at Antonio, El Paso and Palestine, 23 at Dallas and Fort Worth, 23 at Del Rio, Houston and Beaumont, and 40 at Corpus Christi and Galveston.

McKinney reported 27 degrees this morning; Abilene, 27; Palestine, 30; Van Alstyne, 27; Big Spring, 26; San Angelo, 28; and Corsicana, 30.

The cold wave came on the

### SIT-DOWN STRIKERS ORDERED TO VACATE CHRYSLER PLANTS

#### INJUNCTION IS GRANTED AGAINST WORKERS BY DETROIT JUDGE MONDAY

DETROIT, March 15.—(P)—Circuit Judge Allan Campbell today granted an injunction calling upon sit-down strikers to evacuate the plants of the Chrysler Corporation in this area which they have occupied since last Monday.

Judge Campbell held that even if the Wagner labor relations act is "valid" it still does not give the defendants (sit-down strikers) the right to occupy property.

The scene in the courtroom was in marked contrast to that of Saturday when a capacity crowd jammed its way into corridors and hearing chamber while a double line of union pickets paraded outside. Only a few spectators were on hand in the courtroom today, but outside another large crowd of union members gathered to hear the court's decision.

Judge Campbell declared "respect for law and order and for the courts is essential. There must be no compromise."

He outlined the points raised by the defense in its claim that the corporation did not come into the area with "clean hands," including the corporation's refusal to grant exclusive bargaining rights to the United Automobile Workers.

"The fact," he said, "does not deprive the plaintiff of the right to the use of its property," and "therefore the corporation does come into court with clean hands."

The present case differs from those cited by the defense, he declared, in that the present defendants are not union members.

### Great Britain Plans New Air Reserve Force

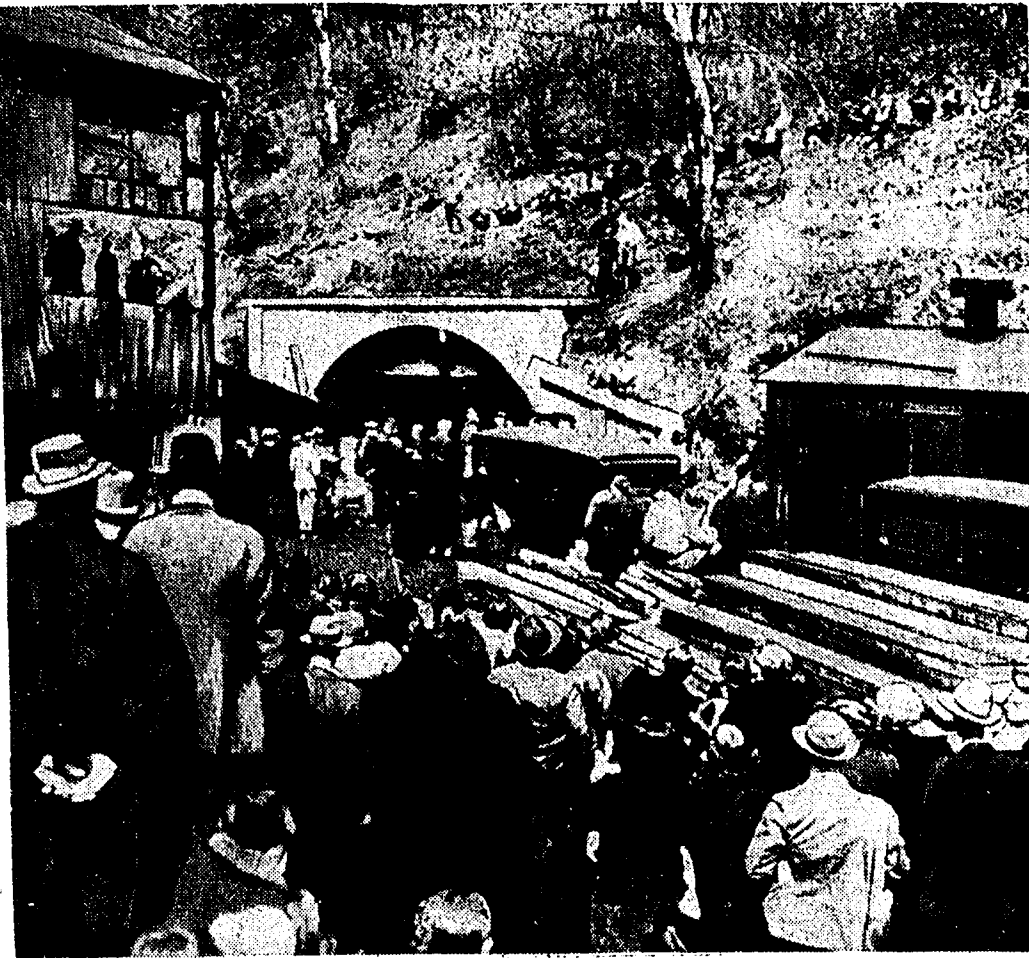

LONDON, March 15.—(P)—Great Britain is creating a new air reserve force as part of its huge rearmament program, commons was informed today.

Sir Phillip Sassoon, undersecretary of air, in presenting Royal air force estimates for 1937 asserted that "a new volunteer reserve force is being recruited with men straight from the civilian life."

"We hope to recruit more than 800 during the coming year," he added that during the current year "we intend to train 1,175 pilots" in the regular air force.

He admitted that difficulty of obtaining skilled labor was delaying the air construction program.

### MUCH SPECULATION RESULTS DECISION OF SUPREME COURT

#### TRIBUNAL REFUSES EIGHT NEW CASES UNDER WAGNER LABOR ACT

WASHINGTON, March 15.—(P)—The Supreme Court stirred speculation among administration officials today by refusing to review eight new cases challenging the constitutionality of the Wagner labor relations act which the government won in lower courts.

Simultaneously, the tribunal postponed until at least March 29 a final decision on validity of the Wagner labor and railway labor laws as presented in five cases already argued.

Supreme court attaches quickly emphasized that today's action of refusing to review the new cases does not necessarily indicate the court's views on the litigation. There are a number of reasons which might make the court decide to pass on litigation.

A final ruling also was postponed for at least two weeks on constitutionality of the Washington law establishing minimum wages for women. Action was delayed also on a petition for reconsideration of the 4 to 1 decision upholding the New York unemployment insurance act.

Among other actions was the court's refusal to review a new challenge of the old age benefit sections of the social security act, brought by Norman C. Norman.

### TWENTY-EIGHT ARE KILLED IN MANILA FACTORY EXPLOSION

#### CHINESE FIREWORKS PLANT BLAST VICTIMS MOSTLY WOMEN; SCORE MISSING

MANILA, Mar. 15.—(P)—Twenty-eight persons were killed in a terrific explosion of a Chinese fireworks plant today at Passay, a suburb of Manila. Some officials estimated 20 to 30 were missing.

Fire followed the explosion. The force of the blast was felt over a radius of two miles.

Most of the victims were Filipino women who had no chance to escape through the one exit of the plant.

Police reported a number jumped from windows into a swamp, where they were trapped in mud and water and were drowned.

The explosion literally tore the plant asunder. Numerous bodies were buried in flaming wreckage. When the embers cooled some what, firemen and soldiers dug into the twisted mass of debris.

The Timken Roller Bearing plant, which was located on one side of the plant, firecracker explosions were frequent as flames reached storage places.

The building was located in a village just off the main Passay road in the center of a swamp. There were no houses nearby.

The flames wrecked the plant before firemen could get into action. Much evidence of the mad rush of trapped women workers was found in the lone doorway, where a number of bodies were piled.

Cause of the explosion was undetermined.

### HOUSE OPPONENTS HIGHER FRANCHISE TAXES-LOSE MOVE

#### EFFORT TO STRIKE OUT ENACTING CLAUSE LOST BY THREE VOTES

AUSTIN, March 15.—(P)—House opponents of a bill to provide an increase of several hundred per cent in the franchise tax on corporations failed by two votes today in an effort to strike out the enacting clause. The vote was 69 to 68.

The proposal still was pending when the house recessed for lunch. Supporters defended it as a reasonable means of obtaining about \$10,000,000 in needed revenue while opponents contended it was unfair and unnecessary.

The bill proposed to increase the levy to 5 per cent of net income or one-tenth of 1 per cent of gross assets, whichever was larger. The house adopted amendments to change the tax to one-twentieth and exempt fraternal benefit societies and state banks.

The present franchise tax is based on capitalization, with many businesses obtaining exemptions or lower rates. It yields about \$1,500,000 a year.

Rep. O. A. McCracken of San Antonio contended the state would be inconsistent in imposing the tax.

"Two years ago," he said, "the state planning board was created to bring new industry into Texas. This bill would defeat that purpose."

Rep. Jeff D. Stinson said the great industries of the East were decentralizing and "are establishing branch plants in the states."

### TEXAS IS GRANTED RIGHT TO INTERVENE IN GREEN TAX CASE

#### SUPREME COURT PERMITS STATE TO FILE BILL OF COMPLAINT

WASHINGTON, Mar. 15.—(P)—The supreme court granted to Texas today the right to file a bill of complaint against three other states in an effort to determine for taxing purposes the legal domicile of the wealthy Edward H. R. Green at the time of his death last June.

A previous Texas motion was denied because the justices decided the state had failed to show, as a basis of its complaint, that it would be unable to collect an inheritance tax from the Green estate without going outside Texas to collect it, even if the court found that he was domiciled in Texas. Green was the son of Henry Green.

The new Texas petition set forth in support of its contention, that tangible property of Green in Texas was valued at only \$6,000, while the inheritance tax liability was estimated at \$3,326,544. The state also argued that if New York, Massachusetts and Florida—which also claimed Green as a legal resident—succeeded in collecting the taxes first, there would remain an insufficient amount to satisfy the Texas claim. The cause is returnable May 17. During the interval the other states may answer the Texas complaint.

A tax schedule attached to the Texas petition showed that the estate was valued at \$42,348,500. Possible levies against the estate, the petition said, included: federal taxes \$20,812,905; New York taxes \$7,132,898; Florida taxes \$5,359,985; Massachusetts taxes \$5,609,155.

If the federal and state governments collected these "possible" amounts there would be a \$2,650,089 deficit in the estate, the petition said.

### VISITORS WELCOMED TO CORSICANA WHEN JOINT MEETING HELD

#### INTERESTING PROGRAM OF SPEECHES AND MUSIC PRESENTED MONDAY

The ninety-seventh annual session of the Texas Grand Lodge I. O. O. F. and the forty-third annual session of the Rebekah Assembly I. O. O. F. of Texas opened here with a joint meeting Monday morning in the auditorium of the First Baptist church. At 11 o'clock 501 members of the Texas Grand Lodge and 136 members of the Rebekah Assembly had registered, in addition to a large number of other visitors.

Musical and reading numbers by students of the Orphans Home were given at the joint session. W. P. McCammon, chairman of the local arrangements committee, presided and addresses of welcome were made by Mayor J. S. Murchison; Paul Moore, noble grand, Corsicana Lodge No. 63; Mrs. C. B. Couch, vice-grand; Home Rebekah Lodge No. 123, matron of the home and by C. B. Couch, superintendent of the home.

Responses to the addresses were made on behalf of the Grand Lodge by H. L. Carpenter, Greenville Grand Master, and on behalf of the Rebekah Assembly by Mrs. Frances Thomson, Corpus Christi, president of the assembly.

Mr. McCammon welcomed visitors. Opening the morning session, Mr. McCammon welcomed the visiting Odd Fellows and Rebekahs, and said it was a great honor to be chosen to preside at the first meeting of the convention. Mr. McCammon introduced Joel C. Trimble, director of the I. O. O. F. Home band, which played "The Eyes of Texas," as the first musical number.

The first official number of the home here is called an "orphans home," because every child at the home receives loving parental care and attention from Mr. and Mrs. C. B. Couch.

### Cotton Advanced Over One Dollar Bale on Monday

#### NEW YORK, March 15.—(P)—Cotton futures prices bounded upward \$1.00 to \$1.50 per bale to new peaks since June, 1930, during the present upward move.

The strength originated abroad, where all of the foreign markets were sharply higher.

Predictions of large world consumption of all grades of cotton with steadily increasing takings of the American staples as well as fears of inflationary developments contributed to the advance.

The March position sold up 30 of a cent a pound to 14.68, and May gained 24 of a cent to 14.17, while in the new crop October delivery advanced 25 of a cent selling at 13.48 cents.

### SENATOR NORRIS PROPOSES TO IMPOSE REASONABLE CONTROL COURTS THROUGH AMENDMENT

#### By The Associated Press. WASHINGTON, March 15.—(P)—Senator Norris (Ind.) brought out today drafts of both a bill and a constitutional amendment to impose what he terms "a reasonable degree of control" on the courts.

While senate hearings on the Roosevelt judicial bill were in recess until tomorrow, Norris suggested again that other legislative "remedies" will be attempted first.

His bill would require at least a two-thirds vote by the supreme court to invalidate the law.

Calling law tenure for judges "a relic of absolute monarchy," he suggested amending the constitution to limit appointments to federal courts to nine years. "If sen- opinion should favor a longer or shorter term," he said, "the change would meet no objection from him."

Opponents of the administration bill allowing enlargement of the supreme court unless older justices retire quickly added the Norris proposals to the many they are studying as alternatives.

Senator Van Nuys (Cal.) reported some progress in the attempt to agree on one or more amendments which the Democratic opposition might support as a body.

After conferring with other Democratic opponents in his office, Senator Wheeler (Mont.) disputed assertions by administration spokesmen that it would take much time for them to get together on specific amendments.

"Our crowd could get together on an amendment like that," he said.

### Must Register Motor Vehicles In Home County

#### A registered letter was received Monday morning by T. A. Farris, Navarro county tax assessor, collector, from the Texas Highway Commission and officials pointing out that registering automobile vehicles in counties where the owner was not a resident was a violation of the law and pledging the complete co-operation of the commission and department to the halting of out-of-county registrations.

The letter was signed by R. L. Bobbit, chairman of the commission; Harry Hines, and John Wood, members of the body, and by Gibb Gilchrist, chief highway engineer.

The letter called attention to the fact that motorists registering their vehicles in counties other than those in which they resided would be subject to arrest for operating an improperly licensed vehicle, and could also be compelled to re-register the car or truck in the proper county and also pay a penalty.

The commission reported that the registrations in other counties were distinct violations of the law and amounted to illegal appropriation of highway funds, in addition to depriving the proper counties of funds to which they were entitled.

### NEARLY ONE MILLION WORKERS START RECEIVING AN INCREASE DAILY WAGES MONDAY MORNING

(By The Associated Press.)  
CHICAGO, March 15.—Nearly a million men and women went to work today in United States industrial centers fortified by the knowledge their wages had been raised substantially.

Effective today, 550,000 workers in the steel industry will receive 10 cents more per hour, fattening their pay envelopes by \$120,000,000 over the period of a year.

In packing plant, refrigerators, down to the pits of the Minnesota and Michigan iron country, in California orchards in humming New England factories, workers rejoiced in the wave of pay hikes.

The new minimum of 62 1-2 cents per hour for steel workers will make the average hourly rate for labor approximately 82 1-2 cents. Although a forty-hour week becomes effective today, plants will continue to operate 48 hours, with time and a half for overtime.

Led by the "Big Four"—Swift, Armour, Wilson and Cudahy—the packing industry jacked its scale to 62 1-2 cents per hour. To the four packers' 120,000 workers the increase will mean an addition of \$22,000,000 a year to payroll. Hormel Company added \$1,000,000 annually to the wages of its 3,700 employees. The Houston Packing Co. boosted its annual payroll \$100,000 with raises to 50.

The Timken Roller Bearing Company announced increases for 8,600 workers, totalling \$1,500,000 annually.

The International Harvester Company granted increases of \$11,000,000 a year to its 55,000 employees. John Deere and Company, farm machine manufacturers of Moline, Ill., boosted salaries of 10,500 workers \$1,002,000 a year.

## SENATE ADVOCATES OF BETTING REPEAL LOSE INITIAL MOVE

ATTEMPT EXEMPT HOME-  
STEADS FROM ALL LOCAL  
LEVIES IS KILLED

AUSTIN, Mar. 12.—(P)—Senate advocates of repeal of the law permitting horse race betting failed today in a move to force an early hearing on repeal bills.

Sen. Grady Woodruff of Decatur sent up a resolution under which the senate would consider repeal as a committee of the whole of the bill after a few minutes of debate on rules, the resolution was laid aside. Sen. Weaver Moore of Houston, temporary presiding officer, had indicated he would rule the resolution could not be considered immediately if it was pressed.

The house overwhelmingly killed a constitutional amendment by Rep. N. B. Reed of Texarkana to exempt homesteads up to \$3,000 assessed value from all local taxes except school district levies. Reed's motion to print on a minority committee report was defeated 82 to 22.

The house also killed a motion by Rep. B. E. Quinn of Beaumont to print in natural gas tax bill in addition to the substitute recommended, 7 to 4. The bill originally called for a levy of one-fourth cent per thousand cubic feet on each sale. The substitute would tax only the producer at that rate.

Consideration of a resolution which would endorse President Roosevelt's program without specifically mentioning his supreme court proposal was postponed until Monday.

After adopting a resolution requesting the state tax commission to survey all natural resources taxes or other states and report to the legislature, the house considered and sent to the committee. The information would be used in arriving at fair levies on oil and other natural resources in this state.

**My Sign Two-Year Contracts.**  
The house passed to the senate a bill to authorize trustees of common and common consolidated school districts to contract with superintendents and teachers for two years instead of one.

It set for special order next Tuesday a bill by Rep. Bob Alexander of Childress to appropriate \$10,000 to the upper Red river control and irrigation district.

The senate refused to concur in house amendments to a senate bill authorizing street car companies to operate by franchise. The measure to a conference committee to iron out differences.

It passed finally a house measure appropriating \$12,000 for pink boll worm eradication and \$12,000 for fruit fly extermination. Both houses adjourned until Monday.

## Fair Trade Bill Is Given Endorsement

AUSTIN, March 12.—(P)—The "fair-trade" bill, which two years ago died on the senate calendar, stood approved today by the senate commerce and manufacturing committee.

The committee last night heard the proposal called a price-fixing measure by opponents and an act to protect the small merchants by advocates.

The house education committee favorably reported a bill to prohibit high school social fraternities and sororities with the exception of Hi-Y groups, girl reserves and similar organizations sponsored by state and national educational associations.

A resolution to submit a constitutional amendment to exempt resident homesteads up to \$3,000 from taxation except school levies, was unfavorably reported, 8 to 6, by a house committee.

Another house group recommended a proposed natural gas levy of one-fourth of 1 per cent per 1,000 cubic feet instead of the present 3 per cent of value which was estimated to raise the annual receipts from that income from \$500,000 to \$2,225,000 of all suits instituted by the state in the county where the property is located, limit receivers' fees in confiscation suits to 10 per cent and minimum sale price of 66 2/3 per cent of market value on the oil was approved by a senate committee.

**Seek Force Quick Hearing on Repeal.**  
AUSTIN, March 12.—(P)—An effort to force an early hearing on repeal of legalized horse race betting in Texas failed at least temporarily in the senate today.

After a flurry of debate over rules, a resolution by Senator Grady Woodruff of Decatur, under which the senate would consider next Tuesday in committee of the whole several repeal measures now in the criminal jurisprudence committee, was laid aside.

The senate two days ago sent back to the criminal jurisprudence committee a repeal bill it had passed to third reading on the plea opponents had not been given a public hearing.

Repeal proponents reported to be concentrating on a repeal measure already passed by the house of representatives and also in the committee, want as early a hearing as possible to expedite floor action.

Gov. James V. Allred, who has set repeal of the law which in 1933 legalized the certificate system of betting on horse racing as one of the major parts of his legislative program, likewise has urged an early hearing.

Senator Weaver Moore of Houston, temporarily presiding, did not rule directly on a point of order that the Woodruff resolution could not be considered immediately, but indicated he would so rule if the proposal was pressed, whereupon Woodruff deferred the matter.

The senate then took up an appropriation bill.

**Girl Scouts Week.**

## Big Income Tax Payers Use Easy Payment Plans

WASHINGTON, March 12.—(P)—Big income taxpayers use Uncle Sam's "easy payment plan" more than the little ones.

Under the law, taxes can be paid either in one lump by the deadline next Monday or spread over four quarterly payments. Internal revenue books showed that about 73 per cent of the taxpayers with incomes under \$5,000 pay the full amount at once, compared with 88 per cent of those having incomes over that figure. Of the latter, 10 per cent pay in the lower bracket average only \$25 to \$30.

Tax payments on incomes over \$5,000 average between \$1,200 and \$1,300, with some running into the hundreds of thousands.

AT RANCH IN UPTON COUNTY  
EARLY FRIDAY

RANKIN, Mar. 12.—(P)—Mrs. Mary Bell, 71, and her son, Wiley Bell, 46, were read at their ranch home 12 miles northwest of here this morning and Cody Bell, 42, of Christoval, and Russell Bell, 39, of Fort Worth were in hospitals at Texon and San Angelo seriously wounded as the result of shooting which took place at the ranch at 1:30 o'clock this morning.

Officers surrounded the ranch house at daybreak today after Jim Houston, employe at the ranch, had taken Cody Bell to the Texon hospital and telephoned Sheriff Bill Fowler about the shooting. He warned Fowler that Russell was heavily armed and would shoot it out with the officers. Fowler and three deputies arrested Russell in his mother's bedroom. He had been shot and could not move.

He warned Fowler that Russell was heavily armed and would shoot it out with the officers. Fowler and three deputies arrested Russell in his mother's bedroom. He had been shot and could not move.

Bodies of Mrs. Bell and Wiley were taken to Midland this afternoon for burial. Cody Bell, who shot it out with the officers, Fowler and three deputies arrested Russell in his mother's bedroom. He had been shot and could not move.

Officers said they found several cases of canned goods in Russell's car which was parked in front of the ranch home, but said he gave no explanation of the food. He was arrested in the kitchen at about 12:30 o'clock this morning and had been in his mother's bedroom and in the kitchen to get something to eat when the shooting began. It was believed the mother was first killed and that Wiley, whose body was found on a bed on the sleeping porch, was the next shot.

A man was arrested in Texon on instructions from Sheriff Fowler and was being held for questioning. Officers had gone to Texon to question Cody Bell, who was said to be able to talk. No further questioning of Russell was planned today.

Cody Bell has been at liberty on bond in a sheep theft case. He was arrested in Upton county but his case had never been called for trial.

The Bells have lived in Upton county for more than 25 years. Wiley Bell was not married and lived at the ranch with his mother. Cody Bell also lived at the ranch but is married. It was said that he had recently leased a place he owns near Christoval and moved to the ranch.

Russell Bell is married and has a wife and two children at Fort Worth.

Sheriff Fowler found two pistols, a shotgun and a rifle at the ranch. He said he believed that all the guns, except the rifle, were used in the shooting. There was also a large quantity of ammunition found at the ranch.

**Appeal Was Denied.**  
BIG SPRING, March 12.—(P)—Deliberate rehearing of his case by the court of criminal appeals Wednesday, W. R. (Russell) Bell faced a four-year prison term assessed last year by a district court jury here on conviction on charges of swindling. Bell, former manager of a stock broker's office here, was accused of having swindled Mrs. Isaac Dolen out of \$2,347.50 placed in his charge for making stock purchases.

Another case charging theft by bailor is pending against Bell with Mrs. Dolen's husband as complainant. He alleges loss in amount identical with that of his wife.

## M'GRADY CALLS ON INDUSTRY AND LABOR TO USE GOVERNMENT

WASHINGTON, March 15.—(P)—Edward F. McGrady, assistant labor secretary, called upon industry and labor today to sit down with government leaders and work out their mutual problems.

He addressed the American industrial development council, composed of industrialists.

"This country has no national labor policy," McGrady said.

"Labor has not agreed upon one. Its organizations for the time being are split in fratricidal war."

"Industry has no policy. Part of it is for collective bargaining and outside representation. Part of it is playing with the falacy of company unions. Part of it is living in the past and opposed to any form of labor solidarity whatever."

"The government has no labor policy. As matters now stand the decisions of the supreme court make the formulation of an effective national policy almost impossible."

**NEW YORK, March 15.—(P)—**A statement issued by the legal department of Remington Rand, Inc., in Buffalo and made public here today said that "in the opinion of the attorneys for the company, the decision of the national labor relations board ordering the company to take back 4,000 employes cannot be sustained in the federal courts."

Forty-five sleeping cars of the lightweight streamlined type have been ordered by the Santa Fe railroad. The cars will contain four drawing rooms, a double bedroom and "rocket" private rooms with berth, washstand, wardrobe and lavatory, Bledsoe said.

## Cotton Consumed In February 1937 Shows Increase

WASHINGTON, March 13.—(P)—The census bureau reported today that domestic consumption of 664,439 bales of lint cotton in February had established a new high for the month. The previous peak was 595,000 bales in February, 1929.

December and January also sent new consumption records and the bureau said cotton consumed the first seven months of this season was nearly a million bales ahead of last season. The seven month domestic total was 4,512,634 bales compared with 3,550,355 bales last season.

Part of this increased domestic consumption was offset by smaller sales of American cotton abroad. The bureau reported exports of 8,897,596 bales in February compared with 4,409,619 bales last season, a decline of 512,020 bales.

The commerce department said February exports were valued at \$31,719,000 compared with \$35,581,000 in January and \$25,920,000 in February last year.

WASHINGTON, March 13.—(P)—The census bureau reported today that cotton consumed during February totaled 664,439 bales of lint and 63,643 of lintless, compared with 678,064 and 63,438 in January this year and 515,977 and 53,402 in January last year.

Cotton on hand February 28 was reported held as follows:

In consuming establishments, 2,356,144 bales of lint and 266,861 of lintless, compared with 1,068,302 and 277,076 on January 31 this year, and 1,405,329 and 232,422 a year ago.

In public storage and at companies, 5,085,789 bales of lint and 78,933 of lintless compared with 7,779,351 and 78,038 on January 31 this year, and 7,247,508 and 62,247 a year ago.

February imports totaled 25,544 bales, compared with 15,077 in January and 17,838 in February last year.

Exports during February totaled 8,897,596 bales of lint and 865,661 of lintless, compared with 4,409,619 and 26,944 in January this year, and 406,022 and 22,810 in February last year.

Cotton spindles active during February numbered 24,536,254 compared with 24,364,802 in January this year, and 23,347,850 in February last year.

Cotton consumed during February in cotton-growing countries totaled 533,553 bales, compared with 554,874 in January this year and 431,387 in February last year.

## VICTIM AUTOMOBILE AND BUS ACCIDENT BE BURIED HERE

Funeral services for Steve L. Russell, 26, of Dallas, fatally injured in an automobile accident near Rhame, Wise county, Sunday morning, will be held in Dallas today at 2 o'clock afternoon.

Following services in Dallas, Rev. M. E. McPhail of the Third Avenue Presbyterian church will conduct the Corsicana rites while those in Dallas will be conducted by Dr. Wallace Bassett.

He is survived by his mother, Mrs. Mary Thornton of Corsicana; four brothers, W. F. C. and Tommie Russell of Dallas; Kelton Russell of Corsicana, and James Sikes of Louisiana; one sister, Mrs. E. B. Sherrard of Corsicana. He was reared in the Odd Fellows Home, along with Miss Izzy Tyler, who was injured in the same accident. The wife of the deceased died about six weeks ago and was buried in Corsicana, and Miss Tyler had nursed her.

Mrs. Christine Hooser, Dallas nurse and former resident of Frost, was fatally injured in the same accident, and will be buried in her former home Tuesday following services in Dallas. Miss Hooser and Tyler were roommates at St. Paul's Hospital.

The Russell services will be under the direction of the Sutherland-McCannan Funeral Home.

## Negro Suffered Smashed Leg; But Limb Was Wooden

James Hicks, negro, lost his wooden leg when struck by an automobile at the intersection North Twelfth street and East Fifth Avenue about 9:30 Saturday morning, and Mrs. H. F. Marr received a sprained ankle in dodging the vehicle, according to information received by the Corsicana police department.

According to officers, an automobile driven by Jester Prince was going west on Fifth near the intersection as a car approached him on Twelfth from the south. Prince's automobile was reported to have taken to the curb, striking the negro. The negro was reported uninjured otherwise by officers. Prince made a statement that the state authorities following the accident.

## Santa Fe Will Streamline Its Crack Passenger

CHICAGO, March 12.—(P)—Samuel T. Bledsoe, president of the Santa Fe railroad, announced today that its "Chief" would be streamlined.

Forty-five sleeping cars of the lightweight streamlined type have been ordered by the Santa Fe railroad. The cars will contain four drawing rooms, a double bedroom and "rocket" private rooms with berth, washstand, wardrobe and lavatory, Bledsoe said.

## DR. TOWNSEND WAS SENTENCED TO MONTH IN JAIL AND FINED

APPEAL WILL BE TAKEN IN  
CONTEMPT CONVICTION  
PENSION FOUNDER

WASHINGTON, Mar. 12.—(P)—Dr. Francis E. Townsend, old age pension leader, received a sentence of 30 days in jail and a fine of \$100 today for contempt of the house of representatives.

When sentence was pronounced by U. S. District Judge Peyton Gordon, the tall gray Californian said "Thank you, sir." His attorney announced the case would be appealed. Justice Gordon continued Townsend's \$1,000 bond, pending the appeal.

Later Townsend issued a statement to the press defending his pension plan and saying "try as they can to imprison me, they can't imprison that idea."

The pension advocate was convicted recently by a district federal court jury on one of two counts resulting from his walking out of a house committee hearing on the Townsend \$200-a-month pension plan in July.

Elihu Hanson, Townsend's attorney, had asked for a new trial, but Justice Gordon denied the motion today. He imposed the minimum sentence and explained the law required both a jail term and a fine.

**Release on Bond Opposed.**  
Townsend's release of bond was opposed by U. S. District Attorney Leslie C. Garnett.

In his statement, Townsend said:

"I stand convicted before a United States district court of violating an act of congress in failing to appear before a committee before which I did appear. However x x x I feel certain that before the bar of public opinion I am guiltless of any wrong doing x x x I would do the same thing again tomorrow should the occasion arise, under similar circumstances."

"The tide is definitely turning," he added, "and my crackpot idea is becoming the idea which will save America from economic servitude and will bring happiness and prosperity to our people."

He also attacked the congressional investigation as "persecution."

Two of Townsend's aides, John B. Kiefer of Chicago, and Clinton B. Wunder of New York, pleaded guilty to the same contempt charge of which Townsend was convicted, but were given suspended sentences after apologizing to the house.

## CCC Will Take In 100,000 In April

WASHINGTON, March 15.—(P)—Robert Fechner, director of emergency conservation work, said today the civilian conservation corps would accept about 100,000 new enrollees in April to fill vacancies.

Two alarms caused runs for the fire department Sunday afternoon and only minor damage resulted according to department officials.

The first alarm came from the residence of Lawrence Fauber at 1611 Woodlawn about 1:35 and was caused by some clothing becoming ignited from a bathroom stove. The second was occasioned

by an automobile fire at the intersection of West Seventh avenue and South Main street about 5 p. m.

## LOCAL HIGH SCHOOL DEBATERS CONTINUE TO CAPTURE HONORS

FIRST PLACE IN THE GIRLS'  
DIVISION WON OVER FOUR  
OTHER CITIES

Major honors in the invitational debating tournament held at Jacksonville Saturday, March 13, were won by four teams representing the Corsicana high school.

First place in the girls' division was won by the Corsicana girls, composed of Louise Blackwell and Mary Lou Smith, who did not lose a debate. They defeated Jacksonville, Kaufman, Tyler and Athens.

Corsicana's boys' team, made up of Alvin Marks and George Labban, won second place in the boys' division. They lost to Jacksonville by a 2-1 count in the championship contest. Another Corsicana boys' team, made up of Robert Varber and Ambrose Edens won third place in boys' division, while Dorothy Jean Anderson and Joyce Gentry tied for fourth place in the girls' division.

The Jacksonville tournament was the last meet on the local teams' schedule, before the district (University of Texas Interscholastic League) meet to be in Waco, April 10.

**Ambitious Season.**  
The present season has been an ambitious one, and as well the most successful. Another recent years for the Corsicana high school. They attended five tournaments, and showed 36 victories and 15 defeats, a winning ratio of better than 70 per cent.

The complete individual record shows Alvin Marks and George Labban won 13 decisions, losing six; Louise Blackwell and Joyce Gentry alternated with Mary Lou Smith to win 14 decisions and lose five. Dorothy Jean Anderson and Joyce Gentry won four and lost two, while Robert Varber and Ambrose Edens who joined the squad last mid-term, won five decisions and lost two.

The speakers are now pointing for the district tournament when county champions will compete with teams representing Waco and Corsicana (city-county units).

The question used in all the debates has been the Interscholastic League question, "Resolved, That the Manufacture of Munitions of War Should Be a Government Monopoly."

Coach R. A. Armistead indicates that competition among members of the Corsicana teams is keen and hard-fought, and he has not yet determined which speakers will represent the school as a team.

## CORSICANA IOOF HOME HAS MADE ENVIABLE RECORD IN FIFTY YEARS OF EXISTENCE

It is the proud boast of Odd Fellows that at no time in the history of the children cared for and educated at the I.O.O.F. Home in Corsicana in after life become involved with the law, but on the contrary, have made good and useful citizens.

Thousands of children from every section of the Lone Star state have entered the portals of the Home here to be educated and sent into the world equipped with education, moral and religious training and the physical stamina to take their rightful places.

The Independent Order of Odd Fellows is a fraternal organization, its objects are to render service to humanity in carrying out its mandate to visit the sick, to relieve the distressed, to bury the dead and to educate the orphans.

Such mandate is and has been exemplified in the more than a half century the I.O.O.F. Home has been maintained here.

Cornerstone Laid 1886. The cornerstone was laid in 1886, the first fraternal body to build such an institution. The children, widows and aged Odd Fellows and Rebekahs were cared for here until a few years ago when a new home for the Old Folks was constructed at Ennis.

M. D. Herring, a Waco Odd Fellow, who memory the local Canton of the Odd Fellows is named, is credited with the inspiration, but the history of the Home here is synonymous with that of Corsicana and Navarro county. Corsicana gave a tract of land, 266 acres, for the site of the Home. The institution was of a humble beginning and buildings were not erected for years.

Now buildings were added from time to time as necessity warranted.

Brick buildings now dot the landscape along with modern dairy barns, silos, poultry and swine yards, and miscellaneous buildings, including a school building, ample dormitory accommodations, auditorium, administration building, hospital, etc.

A considerable portion of the land is used for garden and truck farming, while much of the remaining acreage is devoted to feedstuffs for the livestock.

The Home school is fully affiliated and has an excellent faculty. The curriculum includes commercial, manual training, band, book-keeping, typewriting, and other special courses in addition to the regular classes taught in first class schools.

Many Attend College. Many graduates from the Home school attend colleges while others are procured jobs by trustees and county, when possible.

While no definite or accurate check is available due to lost records of the early years of the Home here it is safe to say that at least 5,000 children have been inmates of the local home since its organization in 1886.

Emphasis is placed upon the religious life and atmosphere at the Home. Sunday School is held Sunday afternoons while various min-

isters of the city address the students frequently. Many of the children attend services at Corsicana churches each Sunday morning and night.

The fiftieth anniversary of the Home was celebrated last year with Corsicana Lodge No. 63 taking the lead and being assisted by the Odd Fellows and Rebekahs within a radius of 100 miles of Corsicana. No formal set program was presented, but this was one of the high points of interest in the history of the institution.

Many old-timers attended including a number who were present at the cornerstone ceremonies a half century before.

Valuable Property. A conservative appraisal of the present value of the institution is placed at \$370,000, not including 336 acres of land. The Old Folks Home at Ennis was constructed in 1928, employees at the two Homes, four at Ennis and 26 at Corsicana, including 13 teachers and three physicians.

The Home has been nineteen superintendents of the Home although their terms are not available, as follows:

Horn, Story, C. B. Johnson, Anderson, J. A. Shook, Seymour, Rice, Weaver, Gray, J. W. Burgess, T. W. Ash, Charles L. Sauer, R. M. Whitten, Smith, A. Johnson, G. W. Hawkins, O. A. Bateman, Ross G. Harris and C. B. Couch.

Corsicana donated more than \$1,000 to secure the Home when it was founded and Corsicana Lodge No. 63 has contributed liberally to the Home. In addition to leading the campaign for the securing of the lands and funds, the local lodge has followed and aided the welfare of the institution, spending approximately \$400 per year in addition to the general per capita tax, for the annual April 26 celebrations and parties and for athletics equipment, etc.

After the disastrous fire in 1905, Corsicana Odd Fellows headed by Bank Sutherland, now deceased, chairman of the home board, W. W. Clifton, and Dr. E. A. Johnson, both also deceased, trustees, both of Corsicana, rallied the Odd Fellows of Texas and a number of substantial buildings were erected.

Walker's history of Odd Fellowship says:

"Any history of our Widows and Orphans Home that did not mention the names of C. B. (Bank) Sutherland, W. W. Clifton, E. A. Johnson and T. G. Brooks would be incomplete. Beyond a single doubt there is not a man, either living or dead, that has given more of his time and attention to the interests of our Home than Bank Sutherland."

Johnson may be justly called the originator and developer of our boys' band. This was written in 1911.

Membership dwindled. So much for the past history and the hardships and obstacles encountered by the Home here. During the past several years,

## Kerens Senior Class Will Present Annual Play on March 20

KERENS, March 15.—(Spl.)—Robert Sanders will have the leading masculine role in the Senior play, "Chickadee Chiselers," which will be presented at the High school auditorium March 20. Dolly Chapman and Frances Hemphill will portray the leading feminine characters.

The play is a Walter H. Baker production and will be directed by Miss Gertrude Dixon and D. A. Mills, Senior sponsors.

Others who represent characters in the play are: Grady Speed, Audrey Overton, L. A. Pugh, Jr., Jean Johnson, Truett Trammel, Van Simmons, Anne Talley, Milvina Collins, Kathleen Jennings, and Clem Crowley.

## Dawson Purchased Road Maintainer

DAWSON, March 13.—The city of Dawson purchased a road maintainer this week and put it in use Wednesday on the streets. With the recent laying of the streets, this machine is to be used to properly grade them and keep the streets smooth in the future.

through the depression period, the enrollment has substantially decreased, and there are not as many children in the home as in years past. This is caused, officials point out, by the fact that the membership has dwindled alarmingly as hundreds have allowed their dues to become delinquent and many children of Odd Fellows have been denied the chance of going to the home because their deceased fathers allowed their memberships to lapse.

A new day, however, is seen for the Order and the institution. Improved conditions and a determined and common campaign to again send the Order upward in all parts of Texas should make the institution better and larger. With the hundreds of Rebekahs and Odd Fellows here for the annual sessions, they will see first-hand what the Home means.

Hundreds of members will see the Home for the first time.

Lodges Interested. Numerous lodges are interested in improvements. A score of lodges during the past few months have provided funds whereby various rooms in the dormitories have been completely renovated, repainted, furniture done over and floors improved. Superintendent C. E. Couch expects a number of other rooms at dormitories will be re-furnished within the next few weeks.

The history of the Odd Fellows Home reveals many ups and downs at times with the outlook exceedingly dark and unfavorable, but it has always weathered the storm and always will. Texas Odd Fellowship is behind that institution and will see to it that the widows, orphans, and aged people are secure and cared for according to the cardinal tenets of the Order.

The history of the Odd Fellows Home and Corsicana are entwined and inseparable—they have walked hand in hand for more than a half century—may they continue for another half a hundred years!

## FLORENCE HEBERT CROWNED QUEEN OF WHOLE HIGH SCHOOL

### COLORFUL CEREMONY AND PROGRAM FEATURED ANNUAL CORONATION AFFAIR

By JOHN SAM HASLAM  
Attended by a concourse of 30 dukes, duchesses, princes and princesses of three classes and a retinue of personal and court attendants, Miss Florence Hebert, pretty daughter of Mr. and Mrs. F. F. Hebert, and Wallace Bates, son of Mr. and Mrs. Walter Bates, were recognized as queen and king of the high school in the Court of Spring coronation ceremony Friday night in the school auditorium.

The coronation is the climax of student activities in the school each year, and is recognized as by far the most colorful event on the school calendar.

Before the Court was presented, a program of musical and other entertainment numbers was presented by students of Corsicana's schools, and after the Court had assembled, the Court entertainers, musicians and dancer were presented in a short program.

Louise Morrison, talented young harpist, played Offenbach's Barcarolle from "Tales of Hoffman." The high school boys' glee club, directed by Miss Margaret Lowry, and accompanied by Miss Carolyn Megarity, sang two numbers, "Down in Mobile," a Southern melody, and "Street Songs," a traditional air.

Other Entertainment Features. Frances David, daughter of Dr. and Mrs. J. Wilson David, gave a song and dance number, "Cross Patch," with Mrs. Felix Delafosse playing the accompaniment. Miss Dorothy Hopkins, saxophonist, daughter of Mr. and Mrs. R. M. Hopkins, played three popular songs, with her music teacher, Joel C. Trimble, playing the accompaniment. Her selections were "South Sea Island Mazie," "Moonlight and Shadows," and "Plenty of Money and You."

Miss Elaine Labban, daughter of Mr. and Mrs. George Labban, next was presented in a tap dance, to the tune of "Rap Tap On Wood," and Miss Janice Bell played her piano accompaniment.

Miss Dorothy Love, daughter of Mr. and Mrs. D. Oakley Love, sang Dore's "The Garden of Your Heart," and a popular song hit, "Goodnight My Love." Miss Carolyn Megarity was her accompanist.

The closing number on this portion of the program was a military tap routine by Betty Jo Benton, Billy Bob Ramsey, Anna Mays Slay and Joannette Purifoy, with Miss Juanita Allmon playing the accompaniment.

Kling Takes Place on Throne. The court heralds, Graden Willard, trumpeter and L. C. Morgan, Jr., announcer, took their places on either side of the stage, and announced the arrival of

Wallace Bates, who, after responding to the applause, took his place on the throne dais.

The stage decoration was impressive in its simplicity. The backdrop and wings were of gracefully draped white cloth, without ornament. Behind the throne dais and a lower dais extending from the throne to the proscenium to either extremity of the stage, were trellises.

A profusion of red roses graced the trellis behind the throne, while pink roses were on the other trellises. The throne was on a dais covered with black cloth, and the raised platforms on which the court attendants stood were covered with imitation grass. At several points in the pretty picture were larger sprays of other spring flowers.

The entire scene was enhanced by the beauty by the reflection of colored lights from the foot of the stage and above it.

Band Plays Processional. A number of members of the high school band, directed by Joel C. Trimble, played a processional as the court attendants went to the stage. Each couple stopped at the edge of the stage, and was announced, and after doing obeisance to the king, took their places in the court and awaited the arrival of the queen.

Miss Gloria Norwood, duchess of the Sophomore class, chose a diaphanous gown of flesh tulle over silver lame, made with very full skirt. On one shoulder were clustered tulip flowers in lovely effect, and others were arranged at the back waist line. Delicate pink tinted roses with silver leaves were worn in her hair. She carried light pink carnations tied with silver ribbon and her sandals were silver kid. Miss Norwood was attended by Frank Keathley, duke of the Sophomore class.

Miss Isa Baum, duchess of the Sophomore class, was attended by John Hastings as duke of the Sophomore class. Miss Baum was becomingly gowned in a combination light blue, dark blue and duobonnet taffeta made with full, flowing skirt of the three shades, and square neck bodice of the light blue. She carried a tallman roses tied with gold ribbon, and in her hair she wore a blue rose and gold bandana, with gold veil attached. Her shoes were gold kid.

Chose Honey Belze Taffeta. Miss Marjorie Walker, duchess of the Sophomore class, chose a honey belze taffeta, which was fashioned with an extremely full skirt, large puffed sleeves and V-neck, which was caught on each side with rhinestone clips. In her hair she wore sunburst roses, tied with gold ribbon. Miss Walker was escorted by Billy Robinson, duke of the Sophomore class.

Miss Mary Love, Ferguson, duchess of the sophomore class, chose a delicate, old rose tulle over slipper satin, fashioned in redingote effect. Her flowers were sweet peas, violets and valley lilies, made into an old fashioned bouquet, and tied with silver ribbon. A delicate, pink tinted bandana was worn in her hair, and her sandals were silver kid. Her attendant was Frank White, duke of the Sophomore class.

Sophomore Princesses. Miss Bonnie Ruth Slanson, princess of the junior class, wore a gown of pink marquisette, with the full skirt falling into a slight train. The round decollete was outlined with two rows of taffeta roses in lovely effect. With this lovely creation, Miss Slanson wore rhinestone accessories, blue carnations and a silver bandana in her hair. She wore blue sandals and carried coronation blue carnations tied with silver ribbon. Her attendant was Billy Stokes, prince of the junior class.

Miss Esile Elizabeth Slaughter, duchess of the senior class, was dressed in a danube blue and cerise chiffon, made on flowing Grecian lines. The skirt was extremely full, with a panel of the cerise down the front. She wore a sash of the combined colors. A white orchid adorned her hair and her jewelry was a silver lace bracelet. Her shoes were of silver kid and her flowers were tallman roses tied with silver. David McElwath, duke

as was the round decollete neckline. She wore a rhinestone bracelet and ring to match, and silver kid sandals. Her flowers were tallman roses. She was escorted by Marion Harris, prince of the Sophomore class.

Miss Jean Smith, duchess of the Junior class, wore a turquoise blue chiffon, the skirt of which was trimmed with an accordion pleated panel down the back. The accordion pleated waist was caught at the neckline with rhinestones. Her hair was fastened with a rhinestone buckle. Her sandals were silver kid. She wore a bandeau of small red flowers in her hair, and carried a bouquet of white carnations tied with silver ribbon. Dan Story, duke of the senior class, was Miss Knox's attendant.

Gown of Red Lace. Miss Sarah Holmes, duchess of the senior class, wore a gown of red lace, made with low back with small straps across the shoulder and down the back, to the waist line. The skirt was fitted at the hips and fell in full flowing lines. With this lovely creation she wore white slippers, a white carnation bandeau in her hair, and carried a bouquet of white carnations tied with silver ribbon. Glenn Rea, duke of the senior class, was Miss Holmes' escort.

Miss Mary Ann Gillespie, duchess of the senior class, chose an evening dress of wood violet marquisette with same color lace trim. It was made with full skirt and puffed sleeves and with it she wore gold shoes, gold bracelet, and gold flowers in her hair. Her flowers were red roses tied with gold ribbon. Roy Strube, duke of the senior class, was Miss Gillespie's attendant.

Miss Rosanna Rector, princess of the senior class, wore a bouffant gown of sky blue taffeta and carried American beauty roses. The full, low neckline was accented with flowers to match the dress, and the low back bodice was held with narrow shoulder straps. She chose silver slippers to complement her gown and wore a red rose bandeau in her hair. Harry Ezell, prince of the senior class, was Miss Rector's escort.

Queen's Costume. Miss Hebert, the queen, wore a princess style, white slipper satin with full skirt, jag o' nuton sleeves and small buttons extending from neck to hem, down the front. An Elizabethan collar at the back flared her face in beautiful effect. She wore white slipper satin sandals. Her train was of red velvet, bordered and lined with white satin, and studded with rhinestones and jewels. Her flowers were white calla lilies, fashioned into a madonna bouquet and tied with white satin ribbon.

Miss Hebert was preceded by the flower girls, Helen Hebert and Dorothy Johnson, who wore red moire taffeta Empire frocks, their full skirts just sweeping the floor. Red ribbon bandeaus were worn in their dark hair, and each carried Colonial coronets of white sweet peas. The crown bearer, Jimmie Gardner, Jr., was clad in a white satin suit and white shoes. He bore the crown on a white satin pillow bordered in silver.

Pretty Little Train Bearer. Following Miss Hebert were her train bearers, Claire Sweetmon, Fatti John Bunch, Mary Lou Corke, Ellen Jeanne Willis and Arlisa Shell. They wore full length white moire taffeta dresses with puffed sleeves and white satin ribbon in their hair. Their

of the senior class, was Miss Slaughter's escort.

Miss Sarah Beth Knox, duchess of the senior class, was gowned in a sweeping frock of white taffeta on which scatter print flowers were applied. The decollete bodice was held in place with twin shoulder straps and a brilliant clip held the soft fullness of the neckline. The round full skirt was fitted at the hips. She wore white carnations in her hair, gold antique jewelry and white satin slippers. Her flowers were red roses tied with silver ribbon. Dan Story, duke of the senior class, was Miss Knox's attendant.

Gown of Red Lace. Miss Sarah Holmes, duchess of the senior class, wore a gown of red lace, made with low back with small straps across the shoulder and down the back, to the waist line. The skirt was fitted at the hips and fell in full flowing lines. With this lovely creation she wore white slippers, a white carnation bandeau in her hair, and carried a bouquet of white carnations tied with silver ribbon. Glenn Rea, duke of the senior class, was Miss Holmes' escort.

Miss Mary Ann Gillespie, duchess of the senior class, chose an evening dress of wood violet marquisette with same color lace trim. It was made with full skirt and puffed sleeves and with it she wore gold shoes, gold bracelet, and gold flowers in her hair. Her flowers were red roses tied with gold ribbon. Roy Strube, duke of the senior class, was Miss Gillespie's attendant.

Miss Rosanna Rector, princess of the senior class, wore a bouffant gown of sky blue taffeta and carried American beauty roses. The full, low neckline was accented with flowers to match the dress, and the low back bodice was held with narrow shoulder straps. She chose silver slippers to complement her gown and wore a red rose bandeau in her hair. Harry Ezell, prince of the senior class, was Miss Rector's escort.

Queen's Costume. Miss Hebert, the queen, wore a princess style, white slipper satin with full skirt, jag o' nuton sleeves and small buttons extending from neck to hem, down the front. An Elizabethan collar at the back flared her face in beautiful effect. She wore white slipper satin sandals. Her train was of red velvet, bordered and lined with white satin, and studded with rhinestones and jewels. ## Kelt Lends Support Safety Legislation

Complete support for the legislation enacted at the safety meeting held in Corsicana last Tuesday was pledged by J. J. Kelt of Chaffield, representative from the 58th district in the Texas legislature, in a letter received by the Corsicana Daily Sun Saturday.

Representative Kelt also pledged his support to another bill which amends the "drunk driving" statute, and offered his assistance in the local and state campaigns in every possible way.

## Large Amount Water In Lake at Dawson

DAWSON, March 13.—Approximately eleven feet of water at the intake tower in the newly constructed city lake southwest of town was reported this week by Resident Engineer Clyde Kimes. About 28 acres is covered with water and is about 700 acre feet.

Kimes reported that when a depth of 15 feet is reached at the intake tower, the lake will be ready for use.

flowers were old fashioned corsages.

Miss Jerry Robinson, court dancer, was dressed in white net. Her circular skirt was weighted with ruffles on the bottom corresponding to the ruffle on her shoulders and down the back. A chiffon sash of American beauty and coronation blue lent color to the costume.

Miss Dorothy Hopkins, the court violinist, wore a white net over a satin slip. The only color note was a glidle of gold, red and dark blue cords tied in front, a bandeau of orchid and pink flowers, tied with a silver bow, was worn in her hair.

Misses Lella Wright and Allee Harwell the court tumblers, wore blue satin houses and trunks. All of the dukes and princesses wore tuxedos.

When the queen reached the throne, the king removed the crown from the pillow, and placed it on her head. She was seated by his side, and her retinue of personal attendants was seated at the feet of the king and queen.

Court Entertainers. Misses Lella Wright and Allee Harwell, the court tumblers, entertained the court and audience for a few minutes with a skillful exhibition of tumbling feats, in which they performed as a pair and individually.

Miss Dorothy Hopkins, the court violinist, accompanied by Miss Billie Joyce McSpadden, played Borowsky's "Adoration," for the entertainment of the court and audience.

The next court musician was Leeland Lee, who was accompanied by Miss Carolyn Megarity. His numbers were "I Passed By Your Window," and "When My Dream Boat Comes Home."

Miss Jerry Robinson, the court dancer, did a graceful classic waltz dance with Miss Juanita Allmon playing her accompaniment, as the closing number on the evening's program.

The faculty committee in charge of the coronation was Mrs. Margaret Lowry, Miss Annie Maud Shaw, Miss Hazel Hardage, Miss Margaret Lowry, Miss Helen Bonner and L. P. Forsythe.

**CHORES AND CHILD LABOR**

A strange misconception has been growing in the minds of many people as to the object and probable effects of the pending child labor amendment. Parents actually believe that it would prevent children from doing chores. The exact opposite is the case.

Children who go to school, enjoy outdoor play and do simple household or farm tasks suited to their age are living normal lives. They are balancing the head-training of the school with the hand-training of the home. They are learning that the help of each member of the family according to his strength adds to the comfort and well-being of the family as a whole.

That type of life is the ideal one for children. If all American boys and girls had been living it, there would have been no need to organize the National Child Labor Society, no call for any amendment to the Constitution. Although the work of newsboys has been much discussed as a matter of fact the boy who delivers papers in a residential neighborhood before or after school has never worried the social organizations.

What the people pushing the amendment are after is to get children out of mills, factories, canneries, out of situations where they get little proper schooling, no outdoor play and have no home life worth the name, and into the kind of life where they can do real chores. In only too many of the homes whose children labor long hours, for poor pay, the standard is so low that there are no chores to do. Milking cows before breakfast and supper implies that there are cows to milk. Washing dishes and scrubbing floors implies the existence of dishes and floors worth scrubbing. Weeding implies the existence of a garden. It's children in families who have none of these comforts and decency: that the amendment aims to help. Those families can never improve their status while children do the work which unemployed grown-ups ought to be doing.

What Americans want is children living in the American way—with homes and comforts and chores to do, with growing vigor to do and to enjoy. That is what the child labor amendment aims to bring about.

**WHITE HOUSE SCANDAL**

We're a bit shocked by this report of Franklin Roosevelt refusing to eat his spinach. Surely Eleanor knows best. And we would not be surprised if such action is unconstitutional. At least, it can hardly be good for F. D. R.'s constitution. And think of the terrible example it sets to millions of children. Even though it can be argued that the President has got his growth, anyone can foresee here a subtle undermining of parental and medical authority. If spinach is really as wonderful as the dietitians have told us, it's probably Mr. Roosevelt's duty to be a political Popeye.

Millions of other men, though, get a mean kick out of the President's revolt. It encourages them to rebel. This, they tell the world, is what comes from wives insisting that husbands must eat what is good for them.

Somebody says Eleanor Roosevelt has a double. From the number of places she can appear in about the same time, we'd say she has half a dozen.

**A THOUGHT.**

The tulips never go on strike.  
The white and yellow share the bed  
And get along with pink and red.

As soon as vanishes the snow  
The crocuses begin to show.

They make a pretty sight to see,  
Whatever may their grievance be.

'Tis only man who cannot find  
Contentment here and peace of mind.

I wonder flowers can be so fair  
In spite of all the ills they bear.

**HISTORY AND NEWS-PAPERS**

Henry Ford, who said 20 years ago that history was bunk, has since enjoyed a hobby which is concerned chiefly with preserving historical relics of all kinds. Visitors to his museum see many items of the equipment and daily life of the early pioneers. They may see how progress has taken America from candles to electric lights, from quaint old coaches to modern automobiles, and so on.

But Mr. Ford still sticks to his distrust of printed history. He prefers daily newspapers to history books.

"Newspapers are the best educators," he says. "They arrive every day and are up to the minute."

It is a merited compliment, but few newspaper people would agree with him that their product is a complete substitute for historical study. The daily paper brings news, interpretation, education and entertainment. But it deals with the present; and the present can't really be understood without knowledge of the past, such as history books provide.

**ROAD TO TEMPERANCE**

Here is a suggestion inspired by such headlines as "World 'Dry' War Rages" and "Drys See Victory in Failure of Repeal." Isn't one thing that's wrong with the liquor situation in this country the fact that its solution is regarded as a matter of war between two groups, with victory for one or the other of them? Should not the solution be sought through scientific research and honest education which would teach individuals the peril of alcohol and the value of temperance?

The dries thought they had settled everything permanently when they put over the prohibition amendment. Immediately they relaxed their teaching of temperance, and a host of new evils appeared, including synthetic drinks of poisonous nature, speakeasies, liquor racketeering, and the rest.

Then the wets thought they had settled everything when they got the amendment repealed. That victory was going to put everything back on an honest and temperate basis once more. The fanatical dries were licked and moderation would prevail. The wets were as wrong as the prohibitionists had been before.

If the opposing factions took more interest in their common cause—temperance and the protection of American youth—and less interest in "wars" and conquests of each other, the headlines might be changed to "Temperance Gains in the World."

**MORE POLLS**

It is clear now that there was no straw vote to end all straw votes in that plague of pre-election polls which blanketed the country last summer and fall. There are almost as many going the rounds again today. Nearly all of the old poll-takers are back in the field finding out where everybody stands, and what will happen, in regard to the Supreme Court.

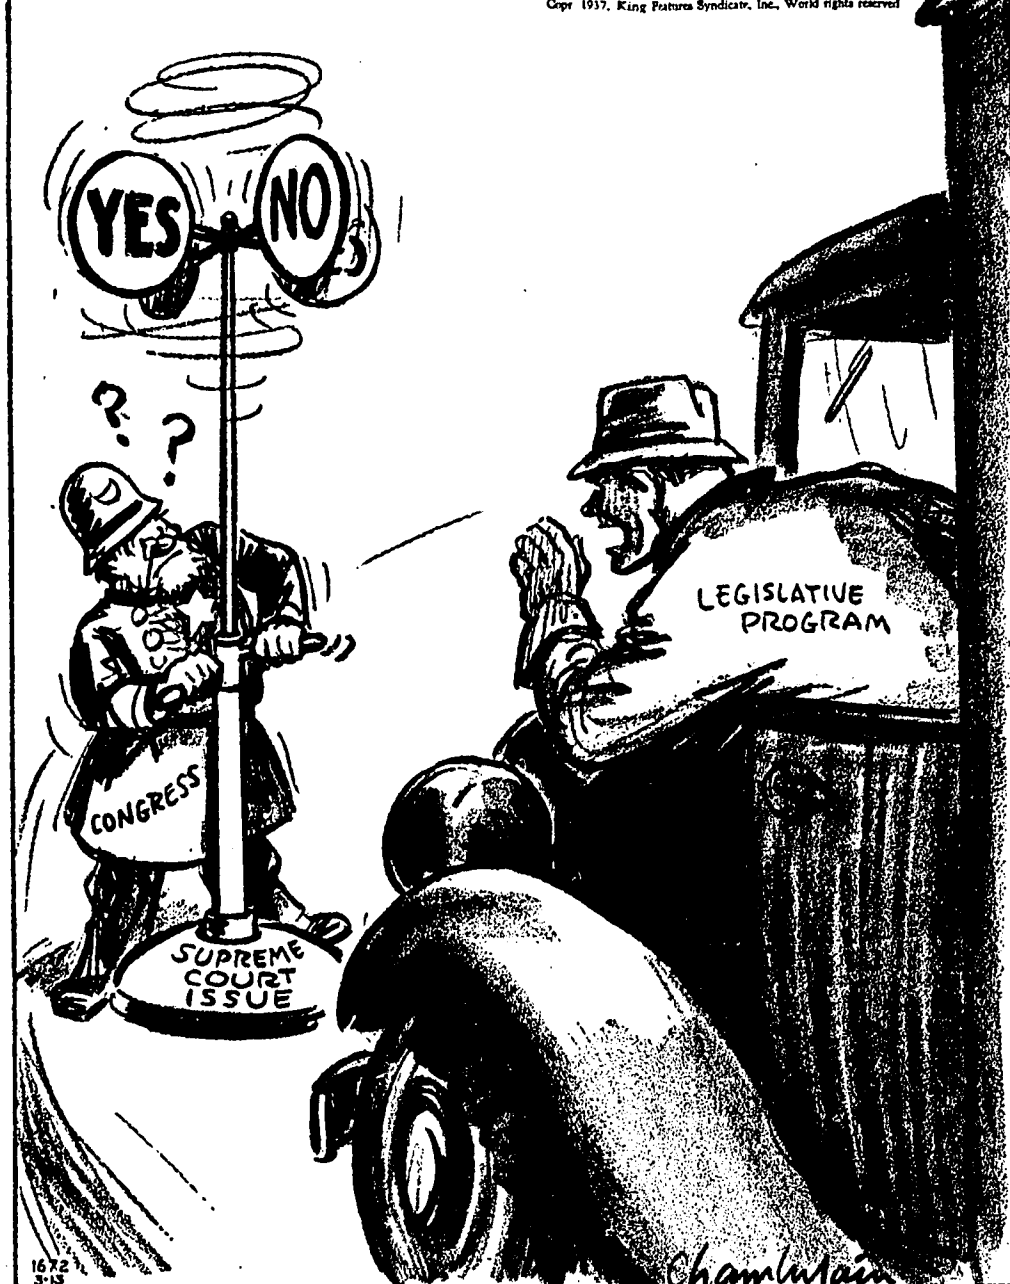

Well, the polls of 1936 turned out to be mostly wrong—a fact which doesn't seem to be a very good reason for taking polls too seriously.

An evangelist says there are 723 sins being committed today. Hasn't he just been reading the criminal statutes?

The new autos have everything but a safe driver.

**COSTLIEST CAMPAIGN**

The Senate campaign expenditures committee has now completed its study of political outlay for the 1936 election and made its formal recommendations. It found that political parties, their major candidates and a host of independent organizations spent \$23,973,329. The total would be close to \$48,000,000 if all the money spent by individuals and local organizations could be counted.

Those are big figures. They represent the most expensive election in our history. Is it necessary to spend so much?

The committee recommends new legislation "to halt coercion of voters, to clarify reporting of expenditures, and to forbid political contributions by labor unions" as corporation contributions are now forbidden. It suggests that no contributions should be made by any organization whose "aims or purposes are the furtherance of group, class or special interests."

Furthermore, the committee would have a uniform method of accounting for all national political organizations and national campaigns. It would simplify the varying laws on use of the mails and the franking privilege.

Since the Republicans spent four or five million dollars more than the Democrats, doubt may be raised as to the effectiveness of spending beyond a certain point. But who shall say what that point is, and how any party could be made to stay within the limit?

**GOOD WEATHER—BAD DRIVING.**

Curiously enough, it isn't in bad weather that most of the automobile accidents occur. It's in good weather. At least, this is the explanation given by the National Safety Council for the unprecedented total of 3,050 auto deaths in the United States for January.

The pleasant, favorable driving weather promoted carelessness. City people, in appreciation of their good luck, went out and celebrated. In bad weather there would have been fewer on the roads, and they would have been more careful.

Evidently the death toll will go down when drivers are able to keep from getting intoxicated by fine weather.

"A little thing like war isn't going to stop bullfighting in Spain," says Sidney Franklin. It should make life a little easier, though, for the bulls.

**THE BIG PARADE**

Everybody loves a parade. The English people love it especially when royalty is parading. And apparently the coronation parade or May 12 is going to be the biggest thing in British history. It has to be, to create proper enthusiasm for the substitute King.

There won't be any elephants and lions and captive kings led in chains behind chariots, as there used to be when Julius Caesar came back to Rome and put on a show. But there will be so many kings, princes, dukes, lords and lesser notables—including, of course, the King and Queen—who are being crowned—that there's going to be one terrific jam in London.

The jam has already started, although so far it's only moral suasion and business pressure. There are supposed to be 85,000 tickets distributed for places where the holders will have some reasonable expectation of getting a look, and all England, especially all London, is now fighting over them. They sell as high as \$250 apiece, with the price as low as \$3.75 for the poorer places, when sold in quantity. The fishmongers, shoemakers, poultryers and game and rabbit workers are very sore about the deal they're getting. Very likely several thousand Americans will be sore, too.

As for us, we wouldn't give a plugged tuppence to mess in that mob. Come to think of it, though, we might give a ten-pound note for the privilege of horning in, if a certain Edward and Wallis, fresh from a wedding ceremony, were going to appear and march behind the royal party with the dukes and duchesses. That would be some show!

All the foreign statesmen coming to visit America because of their great interest in this country would be more convincing if they got farther west than Washington.

Last time we tried being too proud to fight, and it didn't work. The next time maybe we'll be too sensible.

**EARL T. DUKE AND DOROTHY EHINGER COTTON KING, QUEEN****THE SIXTH ANNUAL COTTON STYLE SHOW AND PAGEANT AT A. AND M. APRIL 2**

COLLEGE STATION, March 13.—(Spl.)—Earl T. Duke of Claude, agricultural senior at Texas A. and M. College, and Miss Dorothy Ehlinger of New Braunfels, senior at Texas State College for Women, will reign as king and queen of the sixth annual cotton style show and pageant to be held at Texas A. and M. College, April 2.

This annual cotton festival, introduced at the college in 1932 and featuring the South's greatest agricultural product, is expected to strike a new note in colorful pageantry this year. Modernistic settings, emphasizing the green and white of the cotton plant and its fluffy fiber, will provide the background for the royal court, the pageant and the cotton ball that will close the festivities.

The court will be made up of an assemblage totaling about 300, of which 100 will be duchesses representing higher educational institutions of the Southwest, A. and M. mothers and former students clubs and civic organizations of the state. Duchesses will be waiting and other court attendants, will be escorted by A. and M. cadets.

Named by Agronomy Students, Earl T. Duke, the cotton king, was named by the Student Agronomy Society of the college, which sponsors the annual festival. Monroe U. May, agricultural senior from Sherman, was named business manager. Miss Ehlinger, the cotton queen, president of the student body of Texas State College for Women, was in keeping with custom, elected by the student body of that college. Miss Virginia Johnson, of Seymour, vice-president of the woman's college senior class, was named as the queen's maid or honor.

Both the queen and her maid of honor have personal ties with the college at which the festival will be held. Miss Ehlinger's father, George E. Ehlinger, graduated at Texas A. and M. with the class of 1912. Miss Johnson's brother, Charles E. Johnson, is a senior at the college this year. The cotton queen was selected as the most popular person in the college this year, represented the college at the National Student Federation of America conventions in 1936 and 1937 and was listed in Who's Who Among Students of America and College Students for this and the past year.

To Direct Style Show. Mrs. E. B. Reynolds and Mrs. D. E. Coffey, of College Station, will direct the style show and pageant. Mrs. R. M. Sherwood, also of College Station, will direct the floor show. M. P. Payne, Bryan, and J. B. Corbin, Harlingen, A. and M. students, are handling plans and decorations. The festival ceremonies will be held in the college memorial gymnasium. Style show and pageant will start at 8 o'clock in the evening.

At 9:30 Saturday morning the club members and their parents and sponsors were guests of the ideal theatre for a special picture. The group was then divided, with the boys visiting the Magnolia refinery and the girls visiting an exhibit of interior decorating at the junior high school.

A picnic lunch was spread at the junior high school at noon and was followed by a singing and program with several entertainment features. Awards for completion of 4-H club projects were presented by County Judge Hugh Company, made a number of speakers from Corsicana and representatives from the adult demonstration councils were presented in short talks during the afternoon. A recreational period closed the celebration.

Rally attendants also made a tour of inspection of the plant of the Corsicana Daily Sun and Semi-Weekly Light near the noon hour Saturday, visiting the advertising and editorial department, the composing room and the press room. Lowry Martin, business manager of the Sun-Light Publishing Company, made a brief talk to the club members.

**FAIRFIELD MASONIC Degree Team Went to Mexia Tuesday Eve**

FAIRFIELD, March 13.—(Spl.)—The Fairfield Masonic degree team composed of W. A. Parker, H. L. Robertson, P. D. Brown, Lee Kirgan Guy Leverett, on invitation of the Douglas Lodge, No. 10, with music by the Aggieband orchestra. Various uses of cotton and its by-products will be featured in introductory program prior to the pageant, demonstrating the multitude of man's needs that cotton supplies.

As in the past, proceeds from the festival will be used for traveling scholarship for three winners in the annual cotton contest at the college examinations in which have already started. The three winners will receive trips for the study of cotton and the manufacturing in the United States and Europe.

**Inventor Electric Arc Welding Dies**

ASSOCIATED PRESS (UNDERWOOD) ELIHU THOMPSON

SWAMPSCOTT, Mass., March 13.—(A.)—Dr. Elihu Thomson, 83, of the General Electric Company, inventor of electric arc welding and contemporary of the late Thomas A. Edison, died today at his home. He had been seriously ill since January.

The famous inventor, who received his first patent on electric welding in 1886, would have been 84 March 29.

At his bedside when he died was his widow and his three sons, Roland D. Thomson of Schneectedy, Malcolm Thomson of Swampscott and Donald T. Thomson of Rye, N. Y.

Last fall engineers gathered in Detroit and Lynn to celebrate the 50th anniversary of Dr. Thomson's discovery of electric welding. At that time he exchanged greetings over a special wire with the two celebrations. It was his last public activity.

After his discovery of electric welding Dr. Thomson's name was given to the Thomson-Houston Electric Company, organized in 1883. In 1892 the company was merged with the Edison General Electric Company, forming the General Electric Company of today.

There was scarcely an aspect of electrical science in which Thomson was not active. He originated the three-phase electric dynamo machine in 1879 and anticipated, experimentally, the modern practice in transformer work. He invented the first practical water meter.

His other inventions included the centrifugal cream separator and the centrifuge, an instrument used in biological laboratories. He also devised the fluid pressure lamp and the fused quartz mirror for astronomical telescopes. Astronomy was his hobby.

Corsicana as a whole regretted very deeply to part Friday, with a much loved and respected, long-time resident, in the person of Mrs. E. A. Johnson, who left for Dallas in the early afternoon with her daughter, Mrs. Clayton Brown, with whom she is to make her future home.

The late Dr. Johnson and Mrs. Johnson, both of whom were born in England, were among the earlier residents of Corsicana and have made their home here continuously.

They have become so closely identified with Corsicana in every way, that Dr. Johnson's recent death, and Mrs. Johnson's departure, have left a void that will be hard to fill, and one that is keenly felt by the host of long-time, devoted friends.

## WEEKLY SCRIMMAGE FOR GRID HOPEFULS PLANNED BY PIERCE

### SIXTY BOYS REPORTING FOR PRACTICE NOW WITH MORE DUE LATER

A completed schedule for the 1937 Corsicana High School Tiger football representatives and plans for the remainder of the training season were announced and outlined Friday by Coach John A. Pierce.

The schedule carries the maximum of ten games allowed under the interscholastic league rules and starts the Tigers off against their traditional opening tilt rivals, the Highland Park Scotties of Dallas and closes the set season with a contest against the Port Arthur high school team on Port Arthur on Thanksgiving Day. The slate provides for five home games, and there is yet a possibility that a sixth will be played on Tiger Field. Seven of the games will be played under the lights.

### SAVE THIS

The following is the complete 1937 schedule for the Corsicana high school Tigers:

- Sept. 12—Highland Park at Dallas (night).
- Sept. 21—Bryan at Corsicana (night).
- Oct. 1—Mexia, site undecided (night).
- Oct. 8—Hillsboro at Corsicana (night).
- Oct. 15—Ennis at Corsicana (night).
- Oct. 22—Waco at Corsicana (night).
- Oct. 29—Waxahatchie at Waxahatchie (night).
- Nov. 5—Open date.
- Nov. 12—Temple at Corsicana (day).
- Nov. 19—Cleburne at Cleburne (day).
- Nov. 25—Thanksgiving, Port Arthur at Port Arthur (day).
- x—District game.

After opening with the Scotties in Dallas, the Tigers will have a week to prepare for the ever-dreaded Bryan Eagles in Corsicana, and a battle with Mexia is slated for the next week. The fourth game of the season will find the Tiger entry facing Hillsboro, and in the consecutive weeks they face Ennis, Waco, and Waxahatchie. An open date has been arranged, and then the Tigers will round out the season by facing Temple, Cleburne and Port Arthur in succession.

No Soft Spots. A perusal of the schedule fails to reveal a single spot where the mentors can allow the club to ease up in preparation for a stronger foe for the next week. Mexia is always tough for Corsicana, and with a more experienced team this year the Tigers are likely to prove no exception. The site of this game has not been decided. Ennis will probably have another strong club with a number of returnees from the club that won far in the regional race for the Class B title. Port Arthur, coached by the ex-Lonhorns, Tom Dennis, is always tough.

The headmaster of the Bengals reported Friday that the prospective gridmen were rounding out their third week of work for the spring and faced about six or seven additional weeks of drilling in preparation for the fall season. Only newcomers to the squad were handled during the first two weeks, as Coaches Pierce, Pete Allen and Jimmy Gardner sought to acquaint themselves with the new men. During the present week special attention has been given to the backs, ends and centers, while the linemen are in for five hard days beginning next Monday. Pierce reported that the Tigers had reverted to their old tactics of five workouts a week after trying the four-day plan.

Scrimmage Every Week. After the next week the entire squad will start daily drills and scrimmages will be the order of the day each Friday afternoon with a cordial invitation to the sports fans to attend the sessions and see what the prospects are for themselves. The first scrimmage is scheduled for March 27, and Pierce intimated they would be continued for some six weeks. Approximately 60 boys are reporting for work at present. Pierce reported with a number of the boys not out for various reasons. The number is expected to reach near the 100 mark when the full squads start daily work.

The veteran Junglebeast trainer indicated that he had found a number of good backs in his drills so far and was admitted to some degree of encouragement over the general prospects. At present the boys are drilling on the grounds behind the senior high school building but after next week will hold their sessions on the practice gridiron adjoining Tiger Field.

### Kerens Students Go Ft. Worth Fat Stock Show on Saturday

KERENS, March 13.—(Spl.) Roy Cloud, teacher of vocational agriculture in the Kerens school, accompanied a group of students to the Fat Stock Show in Fort Worth Saturday.

The milk judging team of the class, which is composed of Leon Simpson, John Alton May, Billy Thompson, Morris Cherry and Washburn Crawford, will enter the state contest which will be held on that date. Washburn Crawford recently won first place in a similar contest which was held at Metzgers Dairy in Dallas.

### Dawson to Vote On Sewer Bonds

DAWSON, March 13.—An election will be held here April 6 to determine whether or not the city of Dawson will issue bonds amounting to \$22,000 for the construction of a sewer system. The \$22,000 in bonds is 55 per cent of a \$40,000 system, the balance to be furnished by WPA funds. The major portion of the payments on the bonds would be from revenue from the system.

## LOCAL ATTORNEY IS SPEAKER AT LADIES CIVITANS BANQUET

### A. P. MAYS DISCUSSED SUB- JECT OF "A FEW LEGAL ANTIQUITIES"

A. P. (Gus) Mays, prominent Corsicana attorney, was the principal speaker at the Civitan club's annual Ladies Night banquet Thursday night on the mezzanine floor of the Navarro hotel. A series of musical numbers was given by two high school students, Miss Fernelle Hopkins, saxophonist, and Miss Dorothy Love, vocalist.

President Robert Cason welcomed the members wives and guests, and introduced the visitors. Dr. and Mrs. A. B. Horn, Mr. and Mrs. Charles Bee, and Miss Floy Banks, President Cason then turned the program over to O. P. Allen, toastmaster.

The program committee was composed of O. P. Douglas, Dr. J. Wilson David and Mr. Allen. Before adjournment President Cason announced the club will join other clubs and organizations of the city in tendering a luncheon to officers of the Grand Lodge, I. O. O. F. next Tuesday at the Navarro hotel.

Toastmaster Allen recognized Civitan F. C. Paul, who has been out of the city for several weeks and called upon him for a few remarks.

Special Program. Miss Fernelle Hopkins was presented in three saxophone solos, with Mrs. Jimmie Mansfield playing her accompaniment. Her numbers were "South Sea Island Magic," "Moonlight and Shadows," and "Plenty of Money and You." Accompanied by Miss Margaret Pannill, Miss Dorothy Love, sang in Spanish costume, sang "Amapolita," and "Cello Lido." Toastmaster Allen then introduced Mr. Mays.

The speaker said the general public takes it for granted that the administration of justice has always been as it is today, when to lose one's liberty, one must be indicted by a grand jury, and tried before a petit jury, which must find one guilty beyond a reasonable doubt.

Mr. Mays announced his talk could be called "A Few Legal Antiquities," and proceeded to explain the old "trial by ordeal," in which the judgment of God was invoked.

Trial By Ordeal. He said trial by ordeal was known to have been practiced before the Mosiac tables some 1,500 B. C. It was known to have been used in England as late as 1818 and in America as late as 1892 at Salem.

The speaker said trial by ordeal was divided into classes, including trial by fire, trial by water, trial by the cross, trial by the bier and trial by battle.

Explaining the first class, Mr. Mays said a person accused of treason or murder was made to carry a red-hot iron in his hands protected only by six leaves, for eight feet. If his hand was burned, he was guilty, and if innocent God protected his hand from burn.

The speaker said in early days most of the trials were conducted by the church, and in most cases, in the church.

Trial By Water. If a woman was accused of infidelity she was given a drink of "bitter water." If she was poisoned and died she was held as guilty, and if she lived after the poison, she was considered innocent. Another "trial by water" was explained by the speaker. He pointed out the accused was hauled and thrown into a pool of water. If the accused sank, he was innocent, if he swam or floated he was guilty, and taken out and meted out his punishment. In the trial by hot water, accused was forced to retrieve a stone from a cauldron of boiling water. His arm was sealed, and three days later the seal was broken. If his arm was burned, he was guilty, and if it was free of burns, he was innocent.

Trial by the cross forced the accused and his accuser to stand by a cross with arms outstretched. If the accused moved first, he was guilty, while if the accuser was first to move, it was recognized his accusations were false.

Mr. Mays made numerous references to Shakespeare's plays, explaining trial by the bier, when one accused of murder was taken to the bier of the victim and was forced to touch the body. If the body moved or changed in any respect the accused was guilty.

At this point, Mr. Mays said

## STUDENTS OF MEXIA HIGH SCHOOL GAVE PLAY STATE HOME

Students of the Mexia high school, directed by Miss Ruth French, presented "The Dear Departed," a play by Stanley Haughton, as a chapel program in the State Home auditorium at 2:30 Friday afternoon. The State Home students greatly appreciated and enjoyed the play.

The cast included Amelia Slater and Elizabeth Jordan, sisters, played by Misses Ruby Ingram and Charlene Wilson; Henry Slater and Ben Jordan, husbands of the sisters, played by Bryant Austin and Lester Cox; Victoria Slater, a child of ten years, played by Uliana Milburn, and Able Meriwether, father of Mrs. Jordan and Mrs. Slater, which role was taken by John L. Bates, Jr.

Prompter and stage manager was Jane Wooten.

## REV. J. M. PETERSON, PIONEER MINISTER, IS DEAD AT TULSA

TULSA, Okla., March 12.—(AP)—The Rev. James Marion Peterson, 77, pioneer Southern Methodist minister, former providing elder of the Tulsa district and one of the founders of Southern Methodist University at Dallas, died here today.

He was stricken with pneumonia last Saturday.

Mr. Peterson was active in the development of the Southern Methodist church for 50 years. Ordained at Texarkana, Texas, in 1888, he began his ecclesiastical career as a circuit rider in Texas. He had taught school for several years while preparing for the

ministry. He held several pastorates in the vicinity of Greenville and Celeste, Texas.

He established orphanage schools in Britton, Okla., and Waco, Texas. His interest in education led him to become one of the founders of Southern Methodist University which he served later as trustee. He also was a trustee of Southwestern University at Georgetown, Texas.

Joseph Daniels, secretary of the navy during the Wilson administration, was a close personal friend of the Rev. Mr. Peterson. They worked together in the Texas church.

Survivors are his widow, Mrs. Lore Peterson, whom he married in 1885, and four sons, C. B. Peterson of Dallas; T. H. Peterson, Mineola, Texas; J. W. Peterson, San Antonio, Texas, and W. W. Peterson, Oklahoma City.

Funeral arrangements have not been completed.

## Little Crown Bearer Relieves All Tension Coronation Ceremony

Jimmie Gardner, Jr., not yet three years old, son of Mr. and Mrs. Jimmie Gardner, who was crowned last night in the high school auditorium, did not exactly "steal the show" but definitely showed he has a will of his own even at that early age.

He followed two flower girls to the stage, carrying the Queen's crown on a satin pillow.

His progress to the stage had been far from steady, and apparently, one of the flower girls was afraid he would drop the pillow. Before turning on the stage to face the King and Queen, she took the pillow and crown from him, intending to warrant its safe arrival before the throne. Jimmie Jr., ran and caught up with her; took the pillow away from her, and proceeded to carry it safely to the foot of the throne.

The effect on the audience was instantaneous and the laughter continued for several minutes.

## PROGRAMS SUNDAY NIGHT OFFICIALLY OPENED SESSIONS

### MEMORIAL SERVICES I.O.O.F. AND REBEKAHS WERE LARGELY ATTENDED

Three programs were presented Sunday night in the Grand Lodge sessions with a large attendance, beginning with the banquet held at the Navarro Hotel for the past presidents of the I.O.O.F. and the past grand masters of the Grand Lodge. A fine meeting was reported.

Memorial exercises for departed members of the I.O.O.F. were held Sunday night at 8 o'clock in the auditorium of the senior high school followed by the colorful pageant, "The Golden Links and Silvery Gleam" at 9 o'clock. The memorial services were impressive.

**Program Largely Attended.** The stage at the auditorium was a practically empty space. The high school Sunday night were attended by a crowd of more than five hundred people.

Prayers, accompanied by music by the choir, and other exercises preceded the remarks in memory and respect for the departed members.

The Rebeekahs mourn the loss of 60 members during the past year while the Odd Fellows reported the passing of 260 members during the past year.

Special tribute were given to the late E. A. Johnson of Corsicana, past grand master, by H. L. Carpenter, Greenville, grand master, by Mrs. Nettie Hawkins, Houston, past president, and to Forrest Walker, past grand patriarch, by E. G. LeTourneau, San Antonio, past grand patriarch.

Mrs. Zerrle Brown, past president, by Mrs. Zerrle Brown, past president, by Mrs. Zerrle Brown, past president, by Mrs. Zerrle Brown, past president.

Girls of the I. O. O. F. Home glee club in the chorus included Dorra Lee, Chas. Summers, Annie May Hayman, Kathryn Holland, Evelyn Johnson, Edna Earl Hayman, Marie Goodler, Fern Warran, Alma Sisson, Pauline Fletcher, Sam Owenby, Grace Garrett, Tess Churchwell, Odessa Talley, Zula B. Dunn, Gennie Webb and Dovie Conway.

The memorial exercises were directed by Mrs. Gertrude Allen and Mrs. Jessie Malin, both of Dallas.

**Attractive Costumes.** "The Golden Links and Silvery Gleam," directed by Mrs. Ida May Vogelung of Kingsville and Mrs. Little Lammie of Austin. In addition to a beautiful and colorful background, the participants wore attractive costumes.

Mrs. Jessie Malin of Dallas represented the Rebeekah Assembly which was organized. Mrs. Ethel Lockard of Corpus Christi represented 1937 in the presentation of officers.

The night of loyalty which has sent its golden gleam through the past year was represented as "rays of sunshine" by Freda Beckenbaugh, Corpus Christi; Sarah McDaniel, Corpus Christi; Sarah Louise Lummus, Ennis; Lois Vaughn, Dallas; Josephine Haberle, Seguin; Zerrle Brown, Abilene; and Pearl Bowen, Christ.

Other participants in the program included Mabel Patterson, Paris, Assembly soloist; Mrs. Ada May Wolfe, Corpus Christi; all officers, committees and past presidents of the Assembly.

**Changes Made In Official Program**

Inclement weather conditions have caused the changing of meeting places of several of the scheduled sessions for this afternoon and night.

The scheduled presentation of the degree of chivalry at the I.O. O. F. Home Monday afternoon at 5 o'clock has been changed to the auditorium of Corsicana high school, according to an announcement by W. R. Francis of Port Worth, department commander.

The rains have made the field impracticable and should favorable weather conditions prevail all day Monday.

E. F. Markgraf, colonel of the First Regiment, Patriarch of the I.O. O. F. Home, will be in charge of the presentation of the degree of Chivalry.

**Program At Senior High.** The Theta Theta Girls club work, with Mrs. Lois Vaughn of Dallas in charge, originally scheduled for the junior high school gymnasium, has been transferred to the senior high school auditorium.

The program will be presented at 6 o'clock Monday night.

**CHRYSLER**

fendants "freely admit the seizure of property." Therefore, he said, the citations are not applicable.

The injunction was made returnable at 9:30 a. m. Wednesday. That Wayne county sheriff must serve it on the strike leaders before that time.

Several hundred union men, massed in the third floor corridor of the county building, accepted the decision quietly.

George S. Wilson, president of the Dodge local, asked if the sit-down strikers would obey the evacuation order.

"A vote will be taken on that question in the Dodge plant tonight."

If the sit-down strikers refused to evacuate the plants, the corporation might apply to the court for writs of attachment, providing for arrest of the strikers on charges of contempt.

**General Motors Strike Ended.**

The General Motors strike, which had been in progress since Saturday, ended today after a long struggle. The workers won their demands for a 10 percent wage increase and a 40-hour week.

The strike was called by the United Auto Workers, who claimed that the company was not meeting its obligations to the workers.

The company had offered a 5 percent wage increase, but the workers wanted 10 percent.

The strike had cost the company millions of dollars in lost production.

The workers had been on strike for over a month.

## DALLAS-HOUSTON START CAMPAIGN FOR 1938 MEETING

### BOTH CTIES HAVE OPENED HEADQUARTERS; START ACTIVE CAMPAIGN

Houston and Dallas opened campaign headquarters Sunday in the interest of landing the 1938 sessions. Houston contingents are stressing in their claims the 100th anniversary of the establishment of the Star Lodge No. 1 in Houston in 1838, while Texas was a republic.

The South Texas Odd Fellows are adding the Houston claims. At this time, the Dallas contingents opened their campaign, the Dallas Chamber of Commerce and Dallas Odd Fellows placed a huge banner across one end of the National Hotel lobby.

The banner bore the inscription "Dallas 1938".

Fort Worth is expected to "throw her hat in the ring" momentarily and not openly fighting for the convention at the present time, but are letting it be known in conferences and conversations that they are in the "mood" and should the fight between Dallas and Houston reach the intensity expected, the Fort Worthians may step into the fray.
